

Fueling the TIN Van

DO NOT REMOVE FROM BINDER

- When the gas tank is at half tank, please fill it.
- Inside this binder, there is a mesh pouch that holds the gas card & the key for the locking gas cap. The gas card can be used at most locations.

When pumping the gas you will need to know the following:

- Current Vehicle Mileage, this will be asked before pin# N
- Driver ID# (pin) 1016

- **USE UNLEADED GAS ONLY**

- Turn the engine and lights off while fueling. Take the key and keep it with you as well.
- Stay by the pump while fueling
- **Receipts should ALWAYS be printed and kept inside the solid pocket of the mesh pouch.**

REMINDER: You must enter both the pin code & current mileage on the vehicle (whole miles only, no tenths).

Any questions about how to fuel the van or how to use the gas card contact:
Don Zieser: 267-907-2165.

A list of acceptable fueling stations is kept in this binder.

Drivers can also use the Quarles Station at 56 Runway Road, Levittown PA 19057.

Directions to Quarles: Turn left out of Emmaus parking lot. Turn left at traffic light onto New Falls Road. At 2nd light (5 points intersection) turn right onto Edgley Rd. Stay straight and cross-over Millcreek Rd. Runway Rd is about ½ mile on the right. Turn onto Runway Rd, passing the trailers on both sides. Quarles Gas Station will be on your right.

Use the first group of 2 pumps nearest Runway Rd. When you use the Quarles gas card, you will be asked the following questions: Drive ID# (pin) 1016 Pump# (1 or 2 depending which side you are on) Current mileage (whole numbers only)

When you hang the pump up, you will need to re-insert the card and answer YES for a receipt.

*Any issues with the card processing, please call the 24 hour Customer Service line at:
1-877-444-3835 or contact Crystal Myers, AHTN Program Consultant at: 267-261-1681 or
