

# IMPORTANT INFORMATION

## FOR DRIVERS – White Bus

Advocates for Homeless  
& Those in Need

- **ALL Drivers should conduct and external & Internal pre-trip inspection of the bus before leaving for the mission**
- Drivers should be in their seat at all times that they are on the bus and shouldn't interact with guests while the bus is in motion
- **NO RIGHT TURN ON RED**
- **STOP AT ALL RAILROAD CROSSINGS**
- When backing the vehicle up, as for assistance from the Bus Attendant to make sure all is clear
- **Please avoid driving on the shoulder of the road** to help prevent driving through tree branches, clipping a utility pole or light pole. Our vehicles were purchased through donations so we want to keep them looking good for the community.

**SHOULD THERE BE AN EMERGENCY\*:** \*PULL OVER. \*TURN ON ALL LIGHTS, including hazard lights.  
\***DIAL 911**

When it's safe to make another phone call, contact AHTN's Program Consultant:  
**Crystal Myers 267-261-1681** (cell)

For less urgent issues or concerns (*bus supplies, vehicle issues etc.*) contact Transportation Team member: **Steve Schlussel 267-280-7391**

### Additional information:

- Please make sure that the back door is unlocked when guests are on board.
- Please be sure to **LOCK the vehicle when parking** (and empty)
- Use the emergency brake as such and not as a parking brake.
- *Remember:* Both the White & Silver buses use UNLEADED fuel
- Each bus has an occupancy of 15 people. With the Bus Driver and Attendant already on board, this will allow for a maximum of 13 guests to give the total of 15 people.

Due to the height of the vehicles, we ask that drivers **DO NOT USE FLOWERS MILL ROAD OR ANY DRIVE THRU** with either bus.

White Bus Height: 10'2"

Silver Bus Height: 8'3"
